

2010 WAHCE MEMBERSHIP PROGRAM

DON'T PICK UP & RUN – STAY & HAVE FUN!

Have you ever felt left out in the cold and thought that nobody loved you? Well, friends, you're in the wrong group. You know you are good-looking, have a charming personality, and are fun to be with, so who wouldn't want you for a friend?

2010 is the perfect year to make a change and create true and lasting friendships by taking a little bitty risk. You are needed, wanted and loved right now just by joining the HCE organization.

- 1) Each County will invite potential non-members to a "Special Event" during calendar year 2010. This event can be an event which the County regularly sponsors or a new event created especially for the purpose of gaining new HCE members.
- 2) At the "Special Event" it will be announced that each non-member who joins HCE at that event and intends to attend regular meetings will have her/his 1st year dues (up to \$10.00) REIMBURSED by the State WAHCE. I would encourage all counties who have all-inclusive dues (County, District, and State) that add up to more than \$10.00 to absorb the remainder themselves, as the State will only reimburse the new member's dues up to the \$10.00 maximum. Counties who have all-inclusive dues under \$10.00 will only receive reimbursement for the actual amount of normal dues for the new members. For instance, if your dues are \$13.00, you will only be reimbursed \$10.00 for each new member.

The "**2010 APPLICATION FOR NEW MEMBERSHIP REIMBURSEMENT**" form will be found on the WAHCE website. Each new member must have joined and totally completed a separate Reimbursement Application at the "Special Event" and that document must be signed and dated by the County HCE Treasurer. These documents are to be submitted directly to me (at the address listed below) and I will handle them from there. Your County will receive the reimbursement fees directly from the State WAHCE organization. Do not send any checks to me – your County will be reimbursed.

Gaining new HCE members and retaining our present members are my chief objectives and I'm sure that they are yours, too. If you have any questions, please contact me at:
